New School University

FUNCTIONALITY:
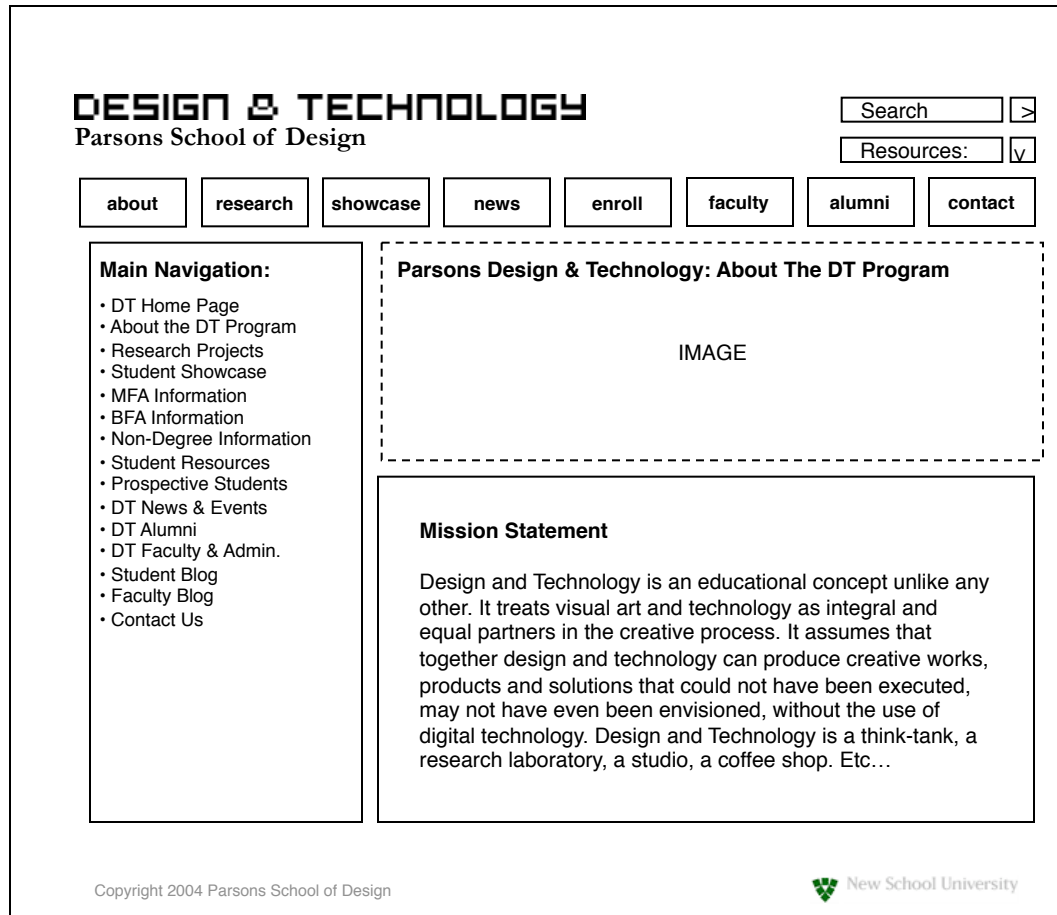

BRIEF DESCRIPTION:
All pages have a top horizontal navigation bar that takes users to the main areas of the site. The main body of the home page utilizes a box-based "dashboard" design to organize all of the main sections of the site. This approach allows for a brief amount of content for each section to be displayed on the home page. In order to create a hierarchy of information the two main feature areas are larger than the other sections. The main feature area is content dependent – periodically changing and highlighting new events & projects as they arise over time.

EDITORIAL NOTES:
• Do we want to add a Slogan? [under the DT header perhaps?]

Parsons Design & Technology: About The DT Program

IMAGE

Mission Statement

Design and Technology is an educational concept unlike any other. It treats visual art and technology as integral and equal partners in the creative process. It assumes that together design and technology can produce creative works, products and solutions that could not have been executed, may not have even been envisioned, without the use of digital technology. Design and Technology is a think-tank, a research laboratory, a studio, a coffee shop. Etc…

New School University

FUNCTIONALITY:

BRIEF DESCRIPTION:
All sub pages have both a top and left hand navigation bar with links to the entire DT site. The Main/Right hand side of the body is for content and sub links within the section. This approach allows for the majority of the space to be utilized for content while the top and left hand nav bars provide a consistent navigation system for the entire site.

INTRODUCTION:

Today's designer faces two fundamental challenges: the expanding influence of design within society, and the growing role of technology within design. Parsons School of Design and the Master of Fine Arts in Design and Technology look to a future in which the partnership of design and technology will affect the world in beneficial ways. From the day a student enters the program, the process of problem solving is at the core of their investigation. Etc…

MFA DT BOOTCAMP:

The MFA Design and Technology Program is an intense, immersive experience. Students are expected to enter fully versed in the web, programming and scripting, and interactive design. Upon entry*, students are thrust into the studio critique environment and have virtually no time whatsoever to gain the skills necessary to carry out initial studio assignments.

BFA DT INTRODUCTION:

Innovation, exploration, collaboration and anti-traditionalism drive the BFA in Design and Technology. Students use new and emerging technolgies and collaborate on real-world projects that take them to the next level. Graduates pursue careers in Game Design, Digital Filmmaking, Information Architecture, Interaction Design, Broadcast Design, Animation, Web Design, and Technology-Enabled Environmental and Architectural Design, to name just a few.

DT Redesign – News & Events (7.1)

CONTENT:

FUNCTIONALITY:

BRIEF DESCRIPTION:
All sub pages have both a top and left hand navigation bar with links to the entire DT site. The Main/Right hand side of the body is for content and sub links within the section. This approach allows for the majority of the space to be utilized for content while the top and left hand nav bars provide a consistent navigation system for the entire site.

The Academic Calendar, News, & Events page is mainly an interactive Calendar and a list of links out to more detailed pages of the actual event.

EDITORIAL NOTES:

Introduction

Choosing to join the Design and Technology program at Parsons School of design will not only change your life, it's an oppportunity to change the world around you. As designers, we're driven to solve problems and improve our community. Whether you're interested in the MFA or BFA Design and Technology program, we're here to speak to you about your goals and ideas. Please feel free to contact us at: dt@parsons.edu if you have any questions about our program.

• Admissions [to pasons.edu prospective students page (http://www.parsons.edu/prospective_students/index.aspx)]
• Visits [to parsons.edu visiting parsons page (http://www.parsons.edu/about/visiting_parsons.aspx)]
• Contact [to DT CONTACT US page]
• Financial Info [to new school fin. Aid page: http://www.newschool.edu/admin/finaid/faid/index.html]

FUNCTIONALITY:

BRIEF DESCRIPTION:
All sub pages have both a top and left hand navigation bar with links to the entire DT site. The Main/Right hand side of the body is for content and sub links within the section. This approach allows for the majority of the space to be utilized for content while the top and left hand nav bars provide a consistent navigation system for the entire site.

The Prospective Students page is mainly one page with an intro blurb and a list of links out to other pages on either the DT site, the parsons.edu site, or the newschool.edu site..

EDITORIAL NOTES:
• Image ????
• Copy ???? [all I have is the intro copy from the present DT website. On the site map it mentions that each of the sub sections (Admissions, Visits, Contact, & Financial Aid) will have into blurbs to them. Is this true?
