

Crosswalk of UH System, UH Community College System, and Campus Strategic Plans

UH System	UH Community College System	Campus
1. Hawai'i Graduation Initiative – to increase the college completion to 55% of the working adult population by 2020	• Increase HS going rate • Increase enrollment of working adults • Increase graduation numbers for: ○ All students ○ Native Hawaiian Students ○ Pell Recipients • Increase numbers of transfer students • Eliminate enrollment, graduation, and transfer gaps for: ○ Native Hawaiian ○ Filipino ○ Pacific Islander ○ Pell Recipients • Increase success and reduce time to completion for developmental education students • Improve year to year retention	
2. Hawai'i Innovation Initiative – to create more high quality jobs in Hawai'i through expanding the University's research and related enterprises and STEM/innovation economy education programs	• Improve program planning based on sector analysis and labor market information • Increase STEM graduates both within the UHCCs and CC graduation from UH STEM baccalaureate programs • Eliminate STEM graduation gaps	

	for:	
	○ Native Hawaiian ○ Filipino ○ Pacific Islander ○ Pell Recipients • Expand entrepreneurial education within the UHCCs	
3. 21 st Century Facilities – ensuring faculty and students teach and learn with effective, modern facilities and equipment	• Eliminate deferred maintenance backlog • Develop distributed approach and new facilities for Hawai‘i CC and the Big Island • Create a sinking fund for capital equipment replacement	
4. High Performing Mission Driven System – taking advantage of the UH system to create a transparent, efficient system that is sustainable, indigenous serving, and effective in serving the higher education and innovation economy needs of the State of Hawai‘i	• Reduce dependence on fossil fuel energy dependence • Create sustainability plans for each campus • Becoming an effective gateway for Native Hawaiian student success throughout the system • Building new revenue streams and efficiencies to ensure long term financial sustainability for the UH CCs.
