2015-2021**

College Haves

The post-Great Recession economy has divided the country along a fault line demarcated by college education. The economy has added 11.6 million jobs since the recession bottomed out:

11.5 million, or 99 percent of them, have gone to workers with at least some college education.

*America's Divided Recovery- College Haves and Have-nots 2016.
Anthony P. Carnevale*

1

**UHCC
System
2015-2021**

College Have-Nots

Workers with a high school diploma or less have recovered only 1 percent of those job losses over the past six years and saw no growth among well-paying jobs (\$53,000 per year) with benefits such as health insurance and retirement plans.

*America's Divided Recovery- College Haves and Have-nots 2016.
Anthony P. Carnevale*

Guided Pathways

UHCC Student Success Pathway (SSP) 9-07-16

SSP is an integrated, institution-wide framework for student success based on research supported by organizations such as Community College Research Center (CCRC), American Association of Community College (AACC), Achieving the Dream (ATD), Complete College America (CCA), Jobs for the Future (JFF) and Completion by Design (CBD).

This SSP model is based on intentionally designed, clear and structured educational experiences, that guide students from their point of entry to graduation, transfer and career.

Understanding the student experience as a continuum

The purpose of the Student Success Council (SSC) is to organize the seven community colleges around a cohesive and unified agenda to maximize and scale efforts for student success.

29

UHCC
System
2015-2021

Guided Pathways

Student Success Pathway

SSP integrates academic and student services together in a coherent and intentional system of curricular and co-curricular experiences that match a student's interest and goals, and better prepares them for success.

Supported by UH and UHCC Strategic Direction, Hawaii Graduation Initiative, Campus Strategic Plans and Institutional Learning Outcomes, and Hawaii P-20

Sector Mapping Project

HAWAII INDUSTRY SECTORS

Find an occupation

Industry-Led Curriculum Design

One of the University's initiatives is to engage with industry partners to develop industry-led curriculum that will ensure graduating students with the marketable skills for which businesses are looking. To further this initiative, we are developing online tools that look not only at occupational data across individual sectors, but at data across all sectors, thus creating a holistic snapshot of industry demands and the current spread of occupations.

Development will focus on a user-friendly interface to access data-rich content, allowing readers to parse various sources of statistics in a myriad of different equations, according answers for a host range of unique and specific questions regarding academics, programming, careers, job availability and trends.

High Demand Occupations	High Demand (HLEP) Occupations	High Earning Occupations
Registered Nurses	4,407	
General and Operations Managers	3,882	
Nursing Assistants	2,776	
Accountants and Auditors	1,900	
Teacher Assistants	1,800	
Elementary School Teachers, Except Special Education	1,300	

32

UHCC System 2015-2021

Multiagency Uses

UH:

- Where are the high demand opportunities in the economy that have no program solution?
- Where are there skill mismatches?
- Where is UH over or under producing?
- Where should programs be deployed on just one island, on all islands?
- Where are the living wage opportunities?

DOE:

- How can DOE partner with outcomes and economic alignment with UH?
- What hard and soft skills need to be embedded into the K-12 curriculum?
- Where are the living wage opportunities?

Students:

- Where are the high demand jobs?
- What are the degree and skill requirements?
- What are the salary and internship opportunities?

Private and Public Agencies:

- How are the sectors configured?
- Where is the demand in the economy?
- Where are the living wage opportunities?
- What are the projections of growth and demand into the future?
- Do UH programs feed seamlessly into our economic area?

Legislation to Support Cost Issues for Low Income Students

JUSTIFICATION SHEET

REVISED: 10/13/2016
 1ST DRAFT DATE: 09/16/2016

DEPARTMENT: University of Hawaii

TITLE: A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII PROMISE PROGRAM.

PURPOSE: Provides scholarships for the unmet need of qualified students at any University of Hawaii (UH) community college campus who meet certain criteria.

MEANS: Amend chapter 304A, Hawaii Revised Statutes, by adding a new section and to make appropriations for fiscal year 2017-2018 and 2018-2019.

JUSTIFICATION: The purpose of this Act is to establish a Hawaii Promise program to provide scholarships initially for the unmet need of qualified students enrolled at any UH community college and to provide an appropriation to establish and implement the program.

Strategic Directions for Distance Education

UH developing a system framework for DE and transfer programs:

- **Online AA Portal:** to engage adult students
- **Other online programs targeting adult learners** via industry engagements, e.g., Universal Banker
- **Online strategic deployments** to fill in first two-year pathway requirements

More Acceleration Initiatives: Early College

IMPACT OF DUAL CREDIT PROGRAMS

National data suggest that high school students with dual credits demonstrate the following characteristics:

- More likely to meet college-readiness benchmarks
- More likely to enter college, and enter shortly after high school graduation
- Higher persistence rate into second year of college
- Higher four- and six-year college completion rates
- Shorter average time to bachelor's degree completion for those completing in six years or less.

Hawaii High School Graduates with Dual Credits Enroll in College at Much Higher Rates

In Hawai'i, dual credit students also demonstrate similar characteristics:

- Higher college enrollment rates
- More likely to enroll in college in the fall term immediately following high school graduation
- More likely to enroll at a 4-year institution
- Higher persistence rate into second year of college

More Hawai'i High School Graduates Earn Dual Credit Each Year

Class of	2011	2012	2013	2014	2015
Number of Graduates with Dual Credits	604	672	728	880	1,058
Percentage of Graduates with Dual Credits	5%	6%	6%	8%	10%
