Preparation for Mock WASC Visit, October 9-10, 2014

The committee should be prepared to talk about all of the assessment activities on the campus fluently, including reporting on where you have been, how far you have come, and what you need to do next to move "to the next level."

You may want to have the group rate yourself on the WASC rubrics and the EE framework. I am attaching them. This exercise will get the conversation going and help you to calibrate your impressions of where you are and need to go.
