Course Grades

Currently, the gradebook does not include gradebook items that have not been graded in the course grade calculation. This could result in a higher course grade for a student. To include a gradebook item in the course grade calculation, you must enter a grade of zero or higher. If you want to enter zeroes for any gradebook item that has not been graded and then re-calculate the course grade, click Calculate Course Grades.

Select "Save" or "Save to Disk" in the popup window to download the file.

Rename the file "sakaigradebook.csv"

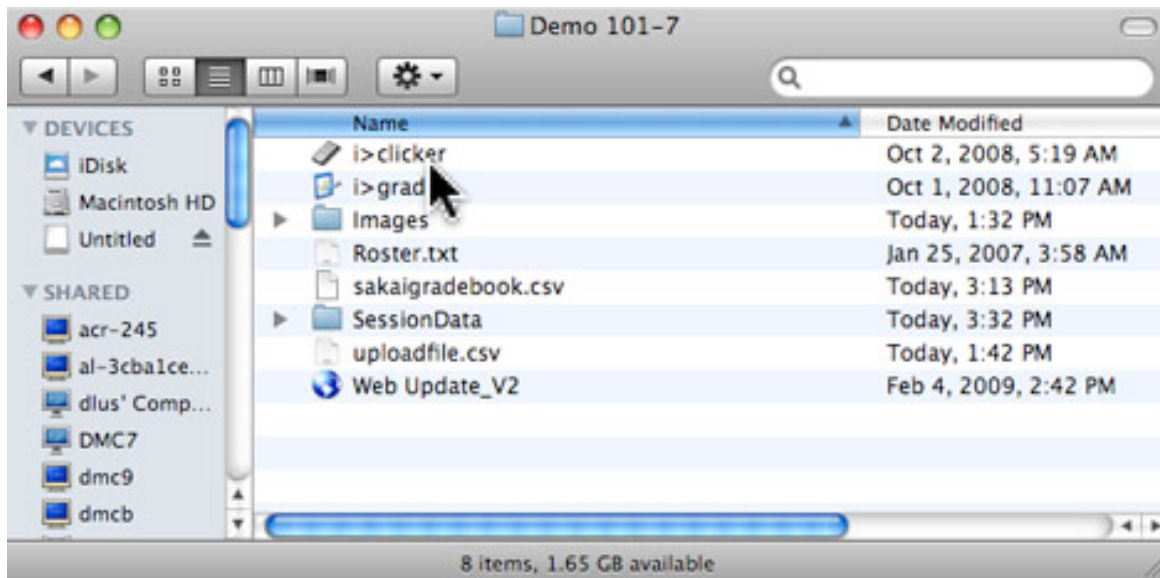

Place it in your i>clicker course folder.

Note that if you do not place the file in the i>clicker course folder, you may get the following alert:
You can still conduct i>clicker sessions without the file in place. The alert is just a reminder to add the file before trying to export i>clicker data for use in Laulima.

Setup i>clicker to recognize the class list

Run the "i>clicker" program by double-clicking on the icon.

On the opening screen, click on "Your Settings and Preferences."

Click on the "Registration/Export" tab.
