Maui Community College*

October 2010

**UNIVERSITY OF HAWAI'I SYSTEM ARTICULATION AGREEMENT**  
**for the BS in Nursing**  
**between**  
**University of Hawaii at Hilo**  
**and**  
**Hawaii Community College**  
**Kapiolani Community College**  
**Kauai Community College**  
**Maui Community College**

**INTRODUCTION**

The University of Hawai'i is comprised of ten campuses located on four islands in the State of Hawai'i. While each campus has a unique identity and mission, the ten campuses operate as one system.

During the course of their education, students may decide to transfer from one campus to another in the University of Hawai'i (UH) system. The development of an articulated program of study supports the transfer of earned academic credits within the UH system.

**PURPOSE**

The primary purpose of this articulation agreement is to facilitate the matriculation of students and the transfer of courses across the university system. Moreover, it is intended to inform students of the program opportunities in nursing that are available to them throughout the UH system.

This agreement is for students who have completed an Associate of Science in Nursing at a University of Hawaii Community College who desires to earn a Bachelor of Science degree in nursing at the University of Hawaii at Hilo.

The University of Hawaii at Hilo will:

1. grant thirty (30) semester hours of credit in nursing courses taken as part of the AS in Nursing program at the UHCC toward the BS in nursing degree.
2. accept courses that meet the general education, prerequisite, graduation, or elective requirements for the BS in Nursing degree (Exhibit A).

Students must complete all courses required by the University of Hawaii at Hilo School of Nursing as shown in Exhibit B to complete the BS in Nursing.

This agreement will remain in effect until Fall 2015 and it will be subject to review in Spring 2015. It may be continued, revised or discontinued by agreement of all campuses involved. The agreement is in effect while a review continues.
