

1/21/2011 Standard III Panel: Susan M + Mary H

Susan talked about last week's visit  
Thunderdome

20 comprehensives

20 full

40 midterms + updates

Patterns:

Eval visit @ Antelope Valley College

Used Guide to Evaluating Institutions.

Produced 70 page report

19 commissioners - All vote.

Look @:

Eligibility reports - 21 elig reports  
Bob-Franco wrote in 2006

Reviews for eff, planning, SLOs.

Entire study

Std III:

By 2012 - Must be sustainable for  
planning + effectiveness

Overall plan should be better.

Need better campus-wide planning.

Pockets of \$.

SLOs - Need a way to go.

4 stages

Aware, Dev, Prof, Sus.

Aware 2 yrs ago. Not everyone

on same page. Course program,  
institution. CTE programs OK.  
AA programs maybe need.

Choices:

Re-affirm assessed.

" w/ report

" w/ visit + rpt

Best

1 rpt in 10s 2 yrs

Sanctions

Warning (maybe SLOs)

Probation

Show cause

Termination

Last warning colleges got alt decentering  
tion of colleges. But that is beyond  
our scope.

- Susan thinks we'll be ok here.

How can we help commissioners in role  
process?

Be clear on how you write this

"you meet the std.

start up w/ : we meet

partially meet

do not meet

Avoid ambiguity. Keep it shorter.

Concern w/ admin embellishment

"What are you trying to hide?"

In 2006 study, instead of saying we have met. Say partially met. Address in planning agenda. Be honest. Even if "do not meet".

Stat III talk

Stat III AZ

No.

1 position - Hawaiian

Testing center is under library.

No vacancies.

Redescribing position descriptions

III C1b

Showing basic tech skills

Info literacy

UH online tools

Wired devices

SOS classes

New librarian - social networking

Is the additional terminology demand due to other labs being closed?

Carels on 2nd floor.

Circulation 30,000 bks/yr.

\$10K - physical

50K - electronic 200K articles/yr

\$5 in ↑ in visits count? yr

Need more staff?

Moving staff around to increase public services

Does the institution have a formal process of evaluating its services?

Survey → program review → tactical plan

Check gate count.

People want physical books.

SOS workshops

Kind of library instruction services? Technology

New student orientation.

Training

L1L0 - Basic computers & info literacy

Security

alarm system

software for all CPUs, servers to PCs.

P2P sharing

Exploiters → thieves.

Testing Center.

Plan: move to library - still temp?

2nd floor Asian collection - practicality?

Many / CELTT

CELTT notes to be on Lawrence

Yellow sections in responses are to be addressed later.

Questions are based in 2006

She would like to address 2010 at some in future.

CEIT work groups

6 vacancies. Most are pay band B, Frozen.

Distance Ed expanded - provision unfilled for 10 yrs.

Moving services online.

Illuminate

Infrastructure questions

Question 14. Functional statements.

Practice has changed but not budgeting.

More equip to support, no resources.  
2 Tile III upgrades - #8.

Depts do not have sufficient \$ for technology needs.

Issues w/ manage funds for equip maintenance. Opportunity to address this. As a dept chair who is going to fight for that \$?

Big discrepancy in technology across

the campus. Eg. Health Sciences.

Issue of 'ownership' of rooms.

Ability to assess a technology fee on students.

In reality we don't have the \$.

Requires a BOR approval.

Perhaps addressed as a planning agenda item.

Spreadsheet of rooms & equip in them. Only the depts know when equip was purchased.

Important changes since 2006

General overview -

What tech resources avail for faculty & students

Website - 3 new sections.

Quickstart guides

Students

Faculty

Webmaster recruitments.

Complete redo of KCU web  
IDN back end

Intranet will move off Quill.

Plans to increase student spot for hybrid, Learning, tech resources.

These projects will help provide virtual svc & help w/ physical space.

Renovation : NAD  
Simulation of Laufer.

Streaming servers.

Higher Ed Opportunity Act

Addressing DMCA violations.

4TB space in server farm. Will add another 5TB.

Impact on network. Firewall applied to entire campus.

Backup for campus servers.

UPSs not included in maintenance budget.

Non-grant proposals often include need for online svcs. He's not sure he can promise that. Should proposals address sft personnel? Grants should include casual hires + sft assets.

Mary continues to extend existing casual hires. No allocations for vacancies.

No \$ for casual hires. Mary has to write grants in Title III to get \$ for students.
