

## **Go on Wo:**

### **A Faculty/Staff Visitor Program**

made possible by funding from the Wo Family Endowment  
and coordinated by the Wo Learning Champions

**Are you looking to learn from your colleagues at other campuses?**

***Would your campus processes or services benefit from collaboration with your counterparts on another UHCC campus?***

***Would visiting another UHCC campus provide you with first-hand observations that could enhance your campus operations?***

***If so...apply to Go on Wo!***

UH Community College faculty and staff are eligible to apply for *Go on Wo* grants to visit to other University of Hawai'i Community College campuses to consult with colleagues on program development, delivery of academic support services, facilities, or other aspects to positively impact your campus.

#### **Applications available at:**
