Discovering Your 'Āina (beyond Hawai'i)

If you are not from Hawai'i, research the place you are from using books, articles, and credible websites. Remember, we are looking for ***native and traditional data***; avoid current and contemporary information.

Place name (neighborhood, town):

Significance/meaning/history of place name:

Geographic features (streams, mountains, lakes, street names, beaches):

Sacred or special sites:

Keep researching to find more information about your place.

- Find **traditional and native data**; avoid current and contemporary information.
- Include ***English translations*** for non-English words.
- Use at least **one book**.

Historical Information:

Stories/Myths/Legends (tell the story):

Geographic features (names of beaches, parks, streams, mountains, lakes, streets):

Any additional information:

Cite a book you used here in *APA format*:

_____. (_____) _____.
Author Last Name, Initial of First Name Year Book Title
(if no author, start with title then date).

_____: _____.
Place of publication Publisher.
(ex. Honolulu, HI)

For additional research assistance, stop by the library's Reference Desk, e-mail me to set up an appointment, or stop by my office:
