### Submission Requirements:

**Title Page** to include the title of your technology plan, names of the contributors, and date. This page should also include some kind of image appropriate to the proposal (such as a computer). This image may be original art, clip art, or a scanned image.

**Groups** If you are working in a group, provide a 1/2 to 1 page description of how the resources will be shared between two teachers and where the equipment will be kept.

### Format Requirements:

<table>
<thead>
<tr>
<th>Information page</th>
<th>Pts. (0-5)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Includes your name(s), the name of the school, the number of students who will be affected by this grant, and a paragraph summarizing the project idea.</td>
<td></td>
</tr>
</tbody>
</table>

**Goal** what you want the students to learn and the activities you are proposing for them.

**Curriculum application** Describe the learning activity and environment in enough detail that the grant committee can clearly see what you have planned.

**Visual Aides:**

**Technology Acquisition** A table with budget information about the type of technology, quantity and cost. (For this project, assume that the computer you are requesting doesn’t come with any software at all except a current operating system.) You should also include a short summary of each software title or website and why it is important to use. This summary should be less than a page for each piece of software or website you want to use.

**Drawing** include a drawing of the ideal floorplan for your learning environment and paragraph describing why such a layout is necessary.

**Diagram** or outline of your personal learning network (must include at least one source from: Delicious, Twitter, an RSS)

**Evaluation** describe how you will measure the benefits of your plan.

---

**Exemplary (5):** Clarity of thought, Complete. Shows understanding of all processes.

**Competent (4):** Clarity of thought, shows understanding of major processes.

**Satisfactory (3):** Completes the assignment, but may be slightly ambiguous or unclear.

**Minor Flaws (2):** Completes the assignment, contains some incompleteness.

**Major Flaws (1):** Assignment and explanation is unclear, or major flaws in concept mastery.

**No Attempt (0):** Does not begin assignment.
