Secrets of Success: Two key factors are especially important

(1) Self-motivation: Because this is an online course, nobody will push you to do the work. Thus, self-motivation is a key factor of success in this course.

(2) Communication: You are not alone. Continuous and open discussion among all participants is strongly recommended. You can use the “Class Discussion” pages available in the Discussions tool of Laulima to communicate with each other. Group work and corroboration is encouraged (i.e., help each other).

Chapter review (textbook)

(1) Read the assigned pages of the textbook. Then go to the Printable Reviews page and study the review questions for the chapter (PDF format files are also available in Resources page).
Tests & Exams (online):

(1) You will take your Exams via Laulima at a Testing Center by the Due Dates.

! You can take each exam ONLY once.

**NOTE:** If necessary, you can arrange to take Exams at other designated testing sites. Please contact the instructor to set up your testing site.

The list of locations is found at:

http://www.hawaii.edu/dl/faculty/prep/proctor_office.html

**NOTE:**
An online proctoring service is also available at ProctorU (https://www.proctoru.com/). With fee.

Discussion (online):

(1) Like you did in “Introduce Yourself” exercise, post your Report (i.e. your reactions, opinions, etc.) in the appropriate topic area in the Class Discussions section of Discussions by the due date. For example, you can report What you think, why this way, what can we do, etc.

________________________________________

**WARNING:** Please do NOT share the Discussions tool with a third party. Any violation of this confidentiality will lead you to dismissal from this course, at least.

________________________________________

You can seek help from your fellow students by posting your problems in the Discussions section (as a comment in a post for the week). It is strongly encouraged that you help each other.

To access Class Discussions:
Log in to Laulima → Go to GEOG 102 page
TOC > Discussions Tools

The Discussions opens. Go to Class Discussion. Click on the appropriate topic and compose your message. Your report should NOT exceed 250 words.

You can add your picture, or any picture you like (of course, nothing obscene or offensive, please), in Discussions, My Profile. Go to "Avatar" at the bottom of the page. Please use rather small pictures.

To compose your report, an easy way is to type your report using MS Word or other word processor, and then copy and paste it in a message. Don’t forget your Name.

Also, be sure to Reply to at least one entry in the Discussions. In other words, you write your reaction to at least one person’s report. You will write **TWO** entries in the
Discussion for each week’s topic. Again, you are strongly encouraged to assist your fellow students.

Discussion for each topic remains open until the end of the week (Saturday). Be sure to report and reply within this time period.

NOTE: If you have any questions about this course, please e-mail me using my UH e-mail address (Ikagawa@hawaii.edu). Always include “GEOG 102” in the subject field of your e-mail, so that I will notice it immediately. This will be automatically done if you use the Maitool in Laulima.
