Windward Community College
Welcomes you to

MET 101
Meteorology is fun!!

Optional field trip (extra credit) to the
National Weather Service Forecast Office
Date & time will be announced later.

NOTE: To start MET 101, you MUST complete the following 3 tasks (10 points) within the first 3 weeks. They are designed to make you familiar with the procedures you need to use Laulima and other class procedures:

1. After carefully reading this syllabus, download the Syllabus Acceptance Form from the Laulima Resources page, fill it up, and submit it via Assignments tool (into “Syllabus Acceptance”) by the end of the 3rd week. You can access the Resources and Exams, Quizzes & Surveys pages by clicking an appropriate name in the Table of Contents (TOC) on the left column. Without the acceptance, you are NOT allowed to participate in this course (i.e., dismissed with a failing grade). (No points assigned)

2. Access the Discussion and Private Messages page from TOC, click Class Discussion, and open Introduce yourself topic. You can introduce yourself to the class here. Please, however, refrain from subjects that are not appropriate in public discussion. (5 points)

3. Goto a testing center, and access the Exams, Quizzes & Surveys page from TOC. Open MET 101 Presurvey (20 questions) and answer the questions. The proctor at a testing center will type in the password for you. This survey is used for a Student Learning Outcome assessment purpose only. It is NOT an exam (although it is in a test format, and not

NOTE: If you have any questions about this course, please e-mail me using my UH e-mail address (lkagawa@hawaii.edu). Always include “MET 101” in the subject field of your e-mail, so that I will notice it immediately. This will be automatically done if you use the Maitool in Laulima. DO NOT use “Private Messages” in Laulima.
anonymous for the purpose of giving points to individuals), thus if you take it, you will receive the full credit. (5 points)

When you complete the above 3 tasks, you will receive total of 10 points. Note that your points will be posted in the Gradebook under “Syllabus Acceptance.” If you miss any of these 3 tasks, you will be automatically given a failing grade for the course.

**Windward Community College** Mission Statement

Windward Community College offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawai‘i and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide O‘ahu’s Ko‘olau region and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment — inspiring students to excellence.

**CATALOG DESCRIPTION**

*Introduction to Meteorology* (MET 101), 3 credits. Introduction to the study of basic atmospheric physics, Sun-Earth-atmosphere-ocean-human interrelationships, major weather systems and forecasting, with special emphasis on Hawai‘i. For both science and non-science majors and prospective science teachers.

**STUDENT LEARNING OUTCOMES**

At the completion of the course the student will be able to:

1. **Describe** the components, processes and resulting weather patterns in the atmosphere.

2. **Interpret** the components of weather maps, and **forecast** weather.
3. **Apply** the scientific method and theories and concepts of meteorology (atmospheric physics) to **explain** major weather systems.

4. **Explain** critically the relationship between humans and the atmospheric environment.

**Requirements Course Satisfies:**

At WCC: Meets AA degree physical science requirement of the Natural Science requirements. Also full fill marine related elective requirement of the Marine Option Program (MOP).

At UHM: Meets Natural Science general education requirements (DP).

**COURSE CONTENT**

**COURSE PROCEDURES**

1. **Access:** Because this is an online course, you need to be able to access

   (1) UH Laulima site: [https://laulima.hawaii.edu/portal](https://laulima.hawaii.edu/portal)

   Useful readings prepared by Dr. Brian Richardson
   (a) [Getting Started with Laulima](https://laulima.hawaii.edu/portal)
   (b) [Forwarding Your UH Mail to Another Email Account](https://laulima.hawaii.edu/portal)

   (2) AMS online course homepage: [www.ametsoc.org/amsedu/login.cfm](http://www.ametsoc.org/amsedu/login.cfm)

---

**WARNING:** Please do NOT share the access information with a third party. Any violation of this confidentiality will lead you to dismissal from this course, at least.

---

**NOTE:** If you have any questions about this course, please e-mail me using my UH e-mail address (Ikagawa@hawaii.edu). Always include “**MET 101**” in the subject field of your e-mail, so that I will notice it immediately. This will be automatically done if you use the Mailtool in Laulima. DO NOT use “Private Messages” in Laulima.

---

2. **Secrets of Success:** Two key factors are especially important
(1) **Self-motivation**: Because this is an online course, nobody will push you to do the work. Thus, self-motivation is a key factor of success in this course.

(2) **Communication**: You are not alone. Continuous and open discussion among all participants is strongly recommended. You will use the “Questions” and “Student Lounge” pages available in the Discussions and Private Messages tool of Laulima to communicate with each other. For online investigations, group work is encouraged (i.e., help each other).

### 3. Chapter review (textbook)

Read the assigned pages of the textbook. Then study the **Review Questions** for the chapters (MS WORD format files are available in **Resources** page).

This table shows the chapters in the textbook, corresponding review questions, and those for exams.

### 4. Exams (online):

(1) You will take your **3 Exams** via Laulima at a Testing Center on **Windward Community College** campus (or other campuses) by the **Due Dates**. **Reviews** are available in the **Resources** page. Study them **before** taking the Exams.

! You can take each exam **ONLY** once.
NOTE: If necessary, you can arrange to take exams at other designated testing sites. Please contact the instructor to set up your testing site.

The list of locations is found at:

http://www.hawaii.edu/dl/faculty/prep/proctor_office.html

5. MET 101 Workbook

(1) Read the assigned pages of the textbook. Then study the assigned exercise.

When you complete the exercise, enter your answers online on Laulima by the due date. You can access “Investigations” from Exams, Quizzes and Surveys page.

NOTE: You can enter your answers only once. Be sure of your answers before submitting.

6. Discussion (online):
(1) Like you did in “Introduce Yourself” exercise, post your Report (i.e. your reactions, opinions, etc.; NOT the response form) in the appropriate topic area in the Class Discussions section of Discussions and Private Messages by the due date. For example, you can report how you did it, what mistakes you made, what questions you still have, etc.

WARNING: Please do NOT share the Discussions tool with a third party. Any violation of this confidentiality will lead you to dismissal from this course, at least.

During the first 2 weeks of instruction, to familiarize yourself with the Discussions and Private Messages tool, you introduce yourself (Report). Also, comment on at least two reports (Reply).

You can seek help from your fellow students by posting your problems in the Class Discussions section. It is strongly encouraged that you help each other.

To access Class Discussions:
Log in to Laulima → Go to MET 101 page
TOC > Discussions and Private Messages Tools

The Discussions opens. Go to Class Discussion. Click on the appropriate topic and compose your message. Your report should NOT exceed 250 words.

You can add your picture, or any picture you like (of course, nothing obscene or offensive, please), in Discussion and Private Messages, My Profile. Go to "Avatar" at the bottom of the page. Please use rather small pictures.

To compose your report, an easy way is to type your report using MS Word or other word processor, and then copy and paste it in a message. Don’t forget your Name.

Also, be sure to Reply to at least one entry in the Discussions. In other words, you write your reaction to at least one person’s report. Thus, you should have at least TWO entries. Again, you are strongly encouraged to assist your fellow students.

Discussion for each chapter/investigation remains open until the due date mentioned above. Be sure to report and reply within this time period.
NOTE: If you have any questions about this course, please e-mail me using my UH e-mail address (Ikagawa@hawaii.edu). Always include “MET 101” in the subject field of your e-mail, so that I will notice it immediately. This will be automatically done if you use the Mailtool in Laulima. DO NOT use “Private Messages” in Laulima.
